

PROCESS

PERENNIAL RYEGRASS

PROCESS is an improved perennial ryegrass variety which is a new release. **PROCESS** offers excellent gray leaf spot and red thread resistance. **PROCESS** has great density during the growing season, excellent divot recovery and good drought tolerance. This variety also has a great disease package against stem rust, brown patch and pink snow mold.

PROCESS blends well with other perennial ryegrass. This variety also mixes well with Kentucky bluegrass, fine fescue and tall fescue. When looking for the latest technology in perennial ryegrass consider **PROCESS** in your program.
